 Repost

**Writing
a literature
review
is TEDIOUS.**

Paper by paper.

The **first paper came
out in 1963.**

The **last one -
yesterday.**

**It's easy to
miss out.**

**Fill those gaps in
3 simple steps
with Litmaps.**

↳ **Litmaps**

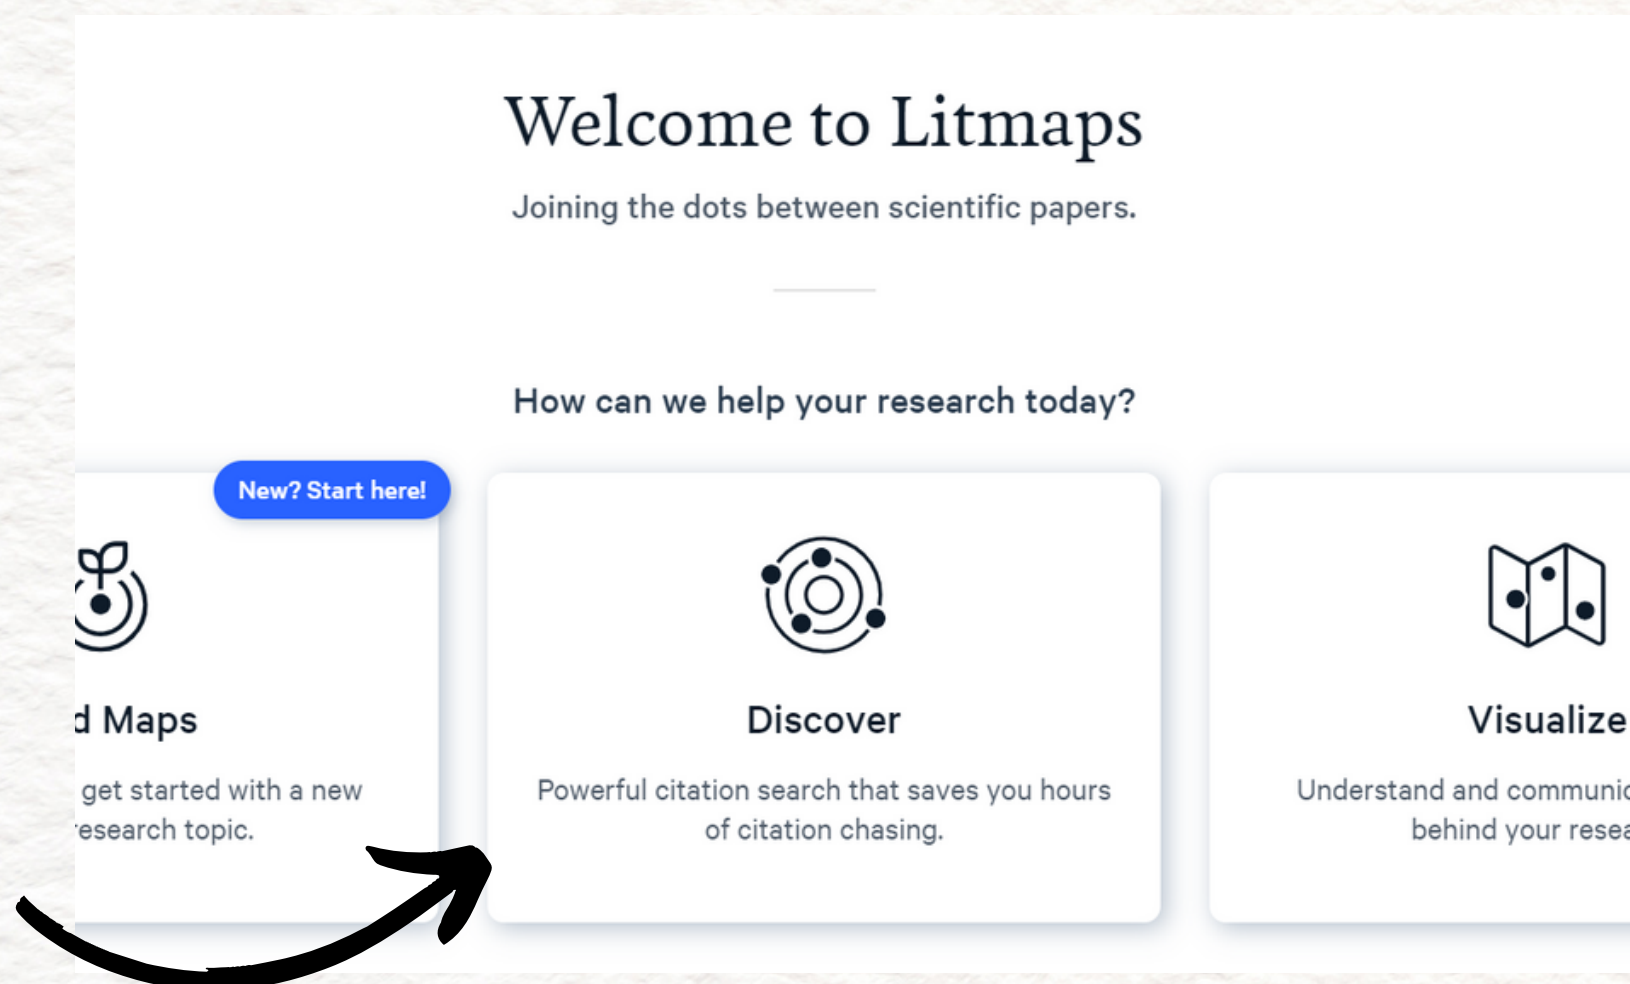

1. Prepare your literature library

Whether you're using Zotero, EndNote or Mendeley for reference managing, click export as BibTex.

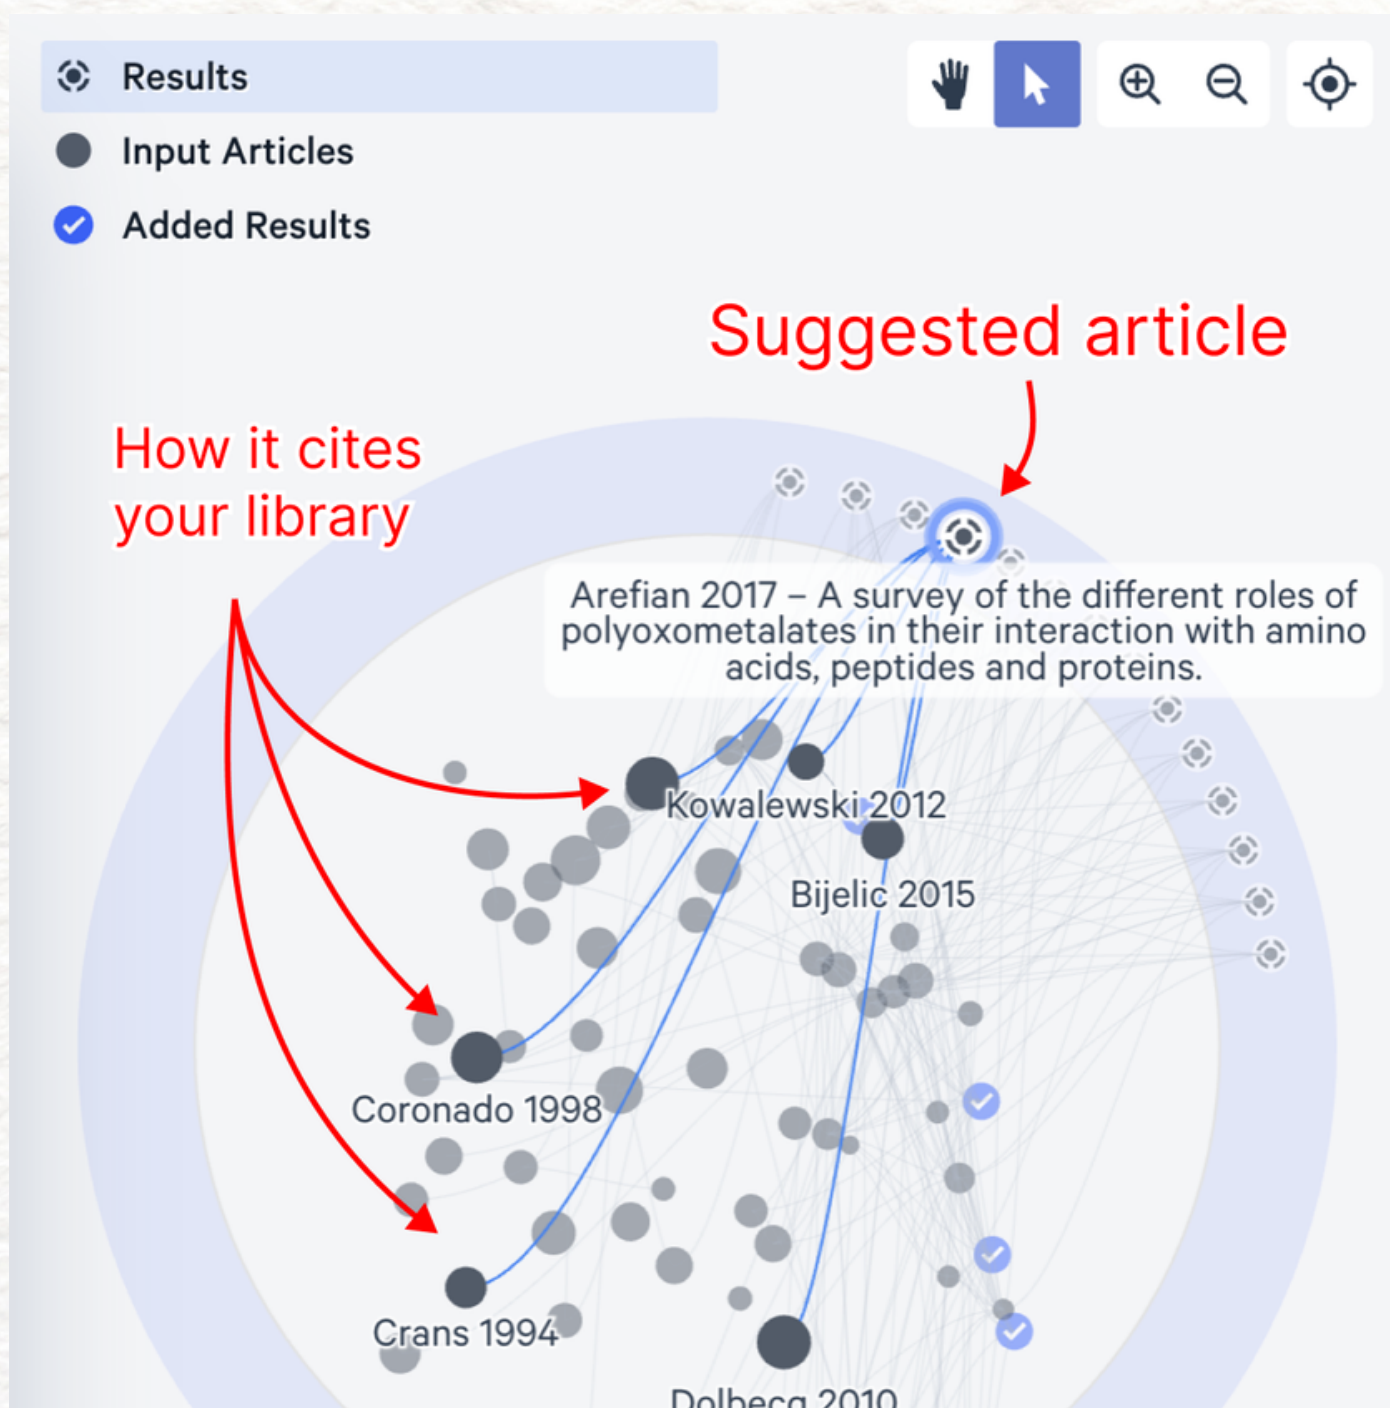

2. Hit "Discover" in Litmaps.

And **upload** your **BibTex** file.

3. Hit "Run" and find gaps

**If you spent months
writing a review
paper, you don't want
to miss anything
important.**

All the **papers you just found are extremely **relevant**, because they all heavily **cite your library**.**

**RESHARE
THIS.
SAVE
SOMONE
MONTHS
OF TIME.**
